

TITLE: Getting Unstuck through Energetic Alignment with Sheevaun Moran

Your presence is felt five milliseconds before you walk in the door. That's all energy. We live, breathe and exist from different circles. People think that everything happens in one big ball, but every ball has many layers that we can peel back to see what's underneath to get to the core. Energetics is at the root of it all. When we send a text, it can come across as rude. But there's no context around it in the energy field, like the piercing arrow. Most leaders tend to use that piercing arrow, even though that's not what they really meant to do. Anything can wonderfully shift in your world if you learn to deal with the energy before you deal with the communication. This prevents negative energy bleeding into your next interaction. When we are in energetic alignment, we can achieve amazing results. At the core of it, we are the most amazing science experiment ever. We discuss how energy lingers, soul knowing and how every individual receives a unique toolkit to get sustainable results.

We discuss:

- You can pollute the energy you bring to a call if you have an argument beforehand.
- We now have a wireless environment where everything is connected.
- How using energetics can feel like a soul knowing
- When you are in energetic alignment you get results hyperfast
- The unique toolkit every individual receives to make sure they get sustainable results
